

# Month of the Military Child Little Heroes Event- Hampton Roads Convention Center

On Saturday, April 7, 2018 Joan Harper-Neely, STEM Education Specialist from the National Institute of Aerospace (NIA) joined Karen Whitfield from NASA Langley Research Center at the Hampton Roads Convention Center to support the Little Heroes @ Home which is a Community STEM Engagement activity in celebration of Month of the Military Child.

Over 200 participants learned about the four forces of flight by visiting stations on gravity, lift, drag/thrust and airplane building and testing. NASA eClips videos *Our World: Wind Tunnels in Action* and *Real World: The Silent Airliner* were used.
