

NASA eClips Presents at Cooper Elementary School STEM Career Fair - Hampton, VA

On Friday, April 20, 2018, Joan Harper-Neely, STEM Education Specialist, and Betsy McAllister, Hampton City School Educator in Residence at the National Institute of Aerospace (NIA), engaged 3rd, 4th, and 5th grade students and their teachers in an interactive presentation on careers in nondestructive evaluation using the *NASA eClips Guide Lites* resource, *Testing... 1, 2, 3....Testing*. Over 150 participants used polarizing filters to test sample plastics as well as learn about the contributions NASA has made in the field of Nondestructive Evaluation (NDE).
