

# JPL @ John Muir High School Engineering Week 2018

- On February 13-16, 2018, 30 of JPL's technical and public engagement staff participated in Engineering Week at John Muir High School, an underserved school in Pasadena, CA
- They reviewed students' resumes, conducted mock interviews with students, coached senior projects, provided guidance during reverse engineering activities, and staffed a JPL Careers table over several days

*“Our students benefited from your team's willingness to share your time, experience and expertise.”*

- Judy Turner, event coordinator
