GME – West engages 4th graders in GLOBE pedosphere protocols as they learn about geographic regions of California. Practiced collaboration and analytical skills are evident as they learn about rock formations/fossils and how landscapes change over time due to weathering (NGSS 4-ESS1-1 and 4-ESS2-1.)

Skyridge Elementary, Auburn, CA Students DOING Science

CA GLOBE Students Reached 2016-2017 = 590 Grades 9-12 (5 schools)
CA & NM GLOBE Students Projected 2017-2018 = 1,025 Grades 4-12 (11 schools)
