

National Aeronautics and
Space Administration

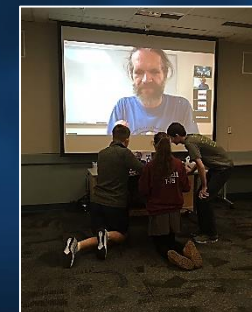

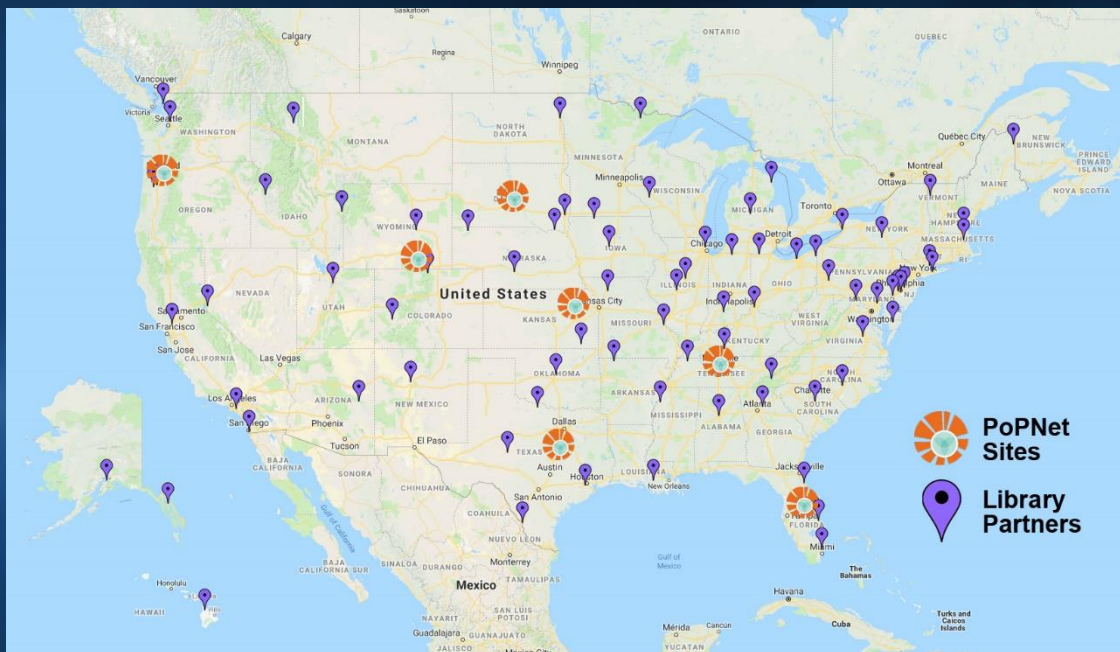

A vibrant space-themed background featuring a large, glowing yellow sun in the center. To the left, a blue and white Earth is partially visible. To the right, a ringed planet (Saturn) and a gas giant (Jupiter) are shown. The background is filled with stars, a spiral galaxy, and a comet streaking across the sky.

SCIENCE MISSION DIRECTORATE

Carolina Chambers/Anne Holland
Pacific Science Center/Space Science Institute

April 30, 2018

On September 2017, two PoPNet (Portal to the Public) sites joined the NASA@ My Library project to train SMEs and develop virtual programs at Partner Libraries. In May 2018, five additional PoPNet sites will join the project!

PoPNet is a network that improves scientist-public engagement. Each PoPNet pilot site trained 4 SMEs and conducted 5-9 programs at Partner Libraries reaching over 200 patrons. The new PoPNet sites will each recruit 5 SMEs and prepare them for virtual programs. Go to <https://popnet.pacificsciencecenter.org/> for information about the PoPNet program.
