

National Aeronautics and  
Space Administration

A vibrant space-themed background featuring a large, glowing yellow sun in the center. To the left, a large blue and white Earth is visible. To the right, a ringed planet (Saturn) and a gas giant (Jupiter) are shown. Other celestial bodies, including a crescent moon and various stars, are scattered across the dark space.

December 4, 2017

# GLOBE Mission EARTH-West

**School Site Visits!** GME-West continues to support teachers and students. At Antioch and Arise high schools, students learn **site definition** and **hydrology protocols** along the delta and in a local creek in preparation of Student Research Symposium projects. At Skyridge elementary school students learn how to use a calitoo and collect data to measure **Aerosols** as they participate in NASA's Air Quality Campaign.
