NASA@ My Library Participates in the American Library Association Conference

- The NASA@ My Library team joined the NASA booth this year. Over 800 people provided their contact information to receive follow ups, and we estimate 4,000 people visited the booth to talk to NASA representatives, and view Hyperwall Presentations.

- Between NASA@ My Library and the Heliophysics team, over 10,000 eclipse glasses were distributed!

- NASA@ My Library team members presented 2 sessions on the Hyperwall (with approximately 80 total participants)

- NASA@ My Library team members also presented 2 conference sessions (Daytime Astronomy at Your Library, and High Impact STEM Events) drawing approximately 130 participants
