

NASA eClips™ - Featured in Winter Olympics Toolkit

The screenshot shows the GPB website interface. At the top, there's a navigation bar with 'GPB MEDIA' logo and buttons for 'LISTEN LIVE' and 'DONATE'. Below that, a menu includes 'Education', 'Watch Now', 'TV Schedule', 'News & Radio', 'Blogs', 'Sports', 'GPB Kids', and 'Support'. A banner for 'Discover the Spivey Difference' is visible. A green bar indicates 'WATCH LIVE: Political Rewind @ 2 p.m.' and 'WATCH LIVE: Lawmakers @ 7 p.m.'. The 'EDUCATION MATTERS' logo is prominently displayed. Below it, the date 'FEBRUARY 8, 2018' and social media icons are shown. The main heading is 'The Winter Olympics Teacher Toolkit', followed by a large image of a snowy mountain range. A small caption at the bottom of the image reads: 'The 2018 Winter Olympic Games will be held in PyeongChang, South Korea, from February 9-25.'

Say “Winter Olympics” and ask people what sports immediately pop into their heads. Most will name ice skating, skiing, ice hockey or curling. What do all those have in common? Ice!

In February 2018, Georgia Public Broadcasting (GPB) and National Public Radio (NPR) featured the NASA eClips “[Our World: IceSAT-2 - What is Ice](#)” video and resources in their [Winter Olympics Toolkit](#) for educators. Targeting grades K-2, students learn about different forms of water and where ice can be found on Earth. The GPB website reaches over 7000 Georgia educators and is distributed by PBS Learning Media who is [funded by NASA](#).

The screenshot shows the PBS Learning Media website interface. At the top, there's a navigation bar with 'GPB EDUCATION' logo and 'Living Learning Begins Here' tagline. Below that, a menu includes 'PBS LearningMedia', 'STUDENT SITE', 'ABOUT', 'LOG IN', and 'CREATE A NEW ACCOUNT'. A search bar is visible. The main content area shows a video player for 'What Is Ice?'. The video player has a play button and a progress bar. To the left of the video player, there's a sidebar with 'Grades K-2', 'Accessibility Center', 'Funded by National Aeronautics and Space Administration', and 'Credits'. The video player shows a young boy in a dark shirt standing in front of a snowy mountain range.
