

National Aeronautics and
Space Administration

A vibrant space-themed background featuring a large, glowing yellow sun in the center. To the left, a large blue and white Earth is visible. To the right, a ringed planet (Saturn) and a gas giant (Jupiter) are shown. Other celestial bodies, including a crescent moon, a small grey planet, and a blue planet, are scattered across the dark space filled with stars. A bright orange comet streaks across the scene.
